Dry Cleaning Delivery - Practically Perfect in Every Way

IN THE NEWS!

Greetings Loyal Spit Spot Customers and Friends:

Kim's Korner:

So we are back to school and Spit Spot had a wonderful time handing out 400 Ice Cream Sandwiches at the Pinewood Take a Peak at Your Seat event. If you ever have a need for Spit Spot to provide refreshments for something you are involved in, please let us know. It's a great Win - Win Opportunity.

As cleaning needs are picking up through the fall our schedule becomes busier and the chance of inclement weather increases.

To mitigate the risk of clothes being damaged by poor weather and to let you know we have checked your door each day, we are going to begin leaving door hangars if you do not have a bag out. Please don't take this as pressure to leave a bag, but rather an increased communication method to protect the clothing.

If you would rather we not leave you a note, just let us know. Thanks and Happy Fall!!

Meet Tony!

This month, we'll talk about a fabric families may find in sports uniforms - Nylon.

Most items made from nylon can be machined washed and tumbled dried at low temperatures. Use warm water and add a fabric softener to the final rinse cycle. To minimize static electricity use a dryer sheet when machine drying. If ironing is required, use a warm iron.

Of course if you ever want to send it to us (especially when it is dirty with mud and grass) we will be happy to work it for you!

Spread the Word!

Good News spreads fastest through happy customers. If you are one of our happy customers, please help spread Good News about us.

Here's How:
